

It is with a heavy heart that we inform you of the death of our dear sister and colleague Tatiana Cordero Velázquez, Executive Director of the Urgent Action Fund for Latin America and the Caribbean UAF-LAC. We are honored to have shared our paths with her. Her presence transformed our lives, particularly as regards the importance of self-care, collective care, caring for life, and the respect for the Pachamama and her ancestral strengths.

We are all trying to assimilate and accept her passing. Tati was a fountain of love and generosity, who participated in the collective and strategic construction of multiple processes in various movements throughout Latin America and all over the world. Her passing is a terrible loss, but her legacy will be present in all of our actions.

We share this moment with you and we thank you for carrying her in your hearts and thoughts. We know Tatiana would 've liked you to light a candle in her memory and send her your best energy to accompany her cross-over to a new form of light.

We will share more details on how we will continue to honor and celebrate the life of this powerful, wise, wizard, strong woman, who was a great friend, mother, and sister to us all, in keeping with the will of her family, the Board of Directors and team of the UAF-LAC.
